Alternatively, planting a new woodland offers the opportunity to use less productive areas of the farm and put trees in a place where they can really add value. A mixed broadleaf and coniferous woodland could see firewood production after 12- 15 years and the same wood, if well sited, could be a real bonus for a game shoot.

Woodlands and planning legislation. Lucy Nichol offers a basic guide to the law relating to forestry buildings and other woodland development.. Planning controls over forestry are fairly simple on the face of it. Planning permission is not required for forestry work (except where there is a Tree Preservation Order) and may not be needed for buildings or uses of land necessary for forestry.
