i have been recommending the book for my Financial Accounting course for last 15 years. But i think after the sad demise of original Authors (Robert F Meigs and his brother) the book has no more unique characteristics as the way of teaching of accounting is following by every author of the day in their accounting book.

Meigs and company explain the accounting concepts just as thoroughly as Hongren but with about half the verbage. I breezed through my summer course and got the highest grade in the class. This book is an excellent teaching tool for beginners and would also make a great reference guide for more advanced students.
