Ford Modular engine - Wikipedia

The 1.1 L CVH was the shortest lived of the different variants, like the others it was first used in the 1980 European Escort MkIII. Displacing 1.1 L (1,117 cc), uniquely it was sold in parallel in the Escort with the "Valencia" version of the Ford Kent OHV unit with the same displacement, but only in Continental European markets - UK spec 1.1 Escorts were only ever fitted with the Valencia engine.
