My Ford Fiesta Ghia 1.4 tdcI was a fantastic car. I had it brand new. This car was lovely to drive, it looked quite good, it was very very cheap to run-I used to put £20 diesel in a month and it cost me £50 to tax it for a year! Great car as a run around, nice size and quite fun.*

Ford Fiesta - Wikipedia
Ford Fiesta ima izvanrednu upravljivost, koja je dočarana klasičnom suspenzijom nezavisno prednje i torzionom pozadi. Još jedna prednost Ford Fiesta-e dobro podešena šasija i vešanje. Osećaj sigurnosti za vozača i putnike. Čak i u krivinama prilikom velikih brzina, Ford Fiesta i dalje je sigurna.

Review: Ford Fiesta (2002 - 2008) | Honest John
Ford Fiesta Review (2002 - 2008). This car is an intrinsic part of modern small car motoring - it's as simple as that. And the model we're looking at here? Well, it's the sixth generation version ...

The Ford Fiesta has become one
of just a handful of household
names in the motoring world.
That doesn't necessarily mean it's
the best, but it is one of the most
recognisable and popular - in fact
it has become a byword for 'small
car' and almost a brand in its own
right.*

2002-2008 | What Car?

This generation of the Ford Fiesta (Mk5) is often referred to as Mk6. This is because the previous model, the Mk4 Fiesta, was often called the Mk5 after it received a facelift in 1999. In other words, the 2002-2008 Fiesta is the 5th generation model, and what is often referred to as Mk5 is just a facelift model of the Mk4 - different looking front but still the same car .
