The Kindle is not very well set up to address these other little anxieties I feel. So, I got out my calculator to see if I could find a rule for converting Kindle's "position number" into the "page numbers" of the actual book. OK, first problem: which actual book—the hardcover, the paperback? First editions, fifth edition?

Full Count (The Catcher Series Book 1) - Kindle edition by ...

Full Count is, like many novels written in the past 5 years, a really really flawed novel. The author knew where she was going, she had the idea of the story quite clear in her mind and she did her best to explain everything. But, the flaws started when she decided to follow the norm.

The 2017 Kindle Oasis is a great Kindle. But there's something to be said about paper books, especially in the age of digital distraction. Lauren Goode debates in the latest episode of Versus.

Cori Sloane Witchy Werewolf Mysteries (4 book series ...
I enjoyed Full Count by CA Williams. This was the first book I have read by this author and I liked it. It was a fast read, it held my interest. I felt that the ending of the story was rushed and it took an interesting turn. I think this may have been the part of the story that I didn't think developed well enough.
