Fundamentals of Ethics for Scientists and Engineers Book Review: This textbook is intended for ethics courses in engineering and science. It can be used either in a one-credit-hour semester course or as a set of drop-in modules in a core engineering or science course.

Fundamentals Ethics Scientists Engineers Seebauer

This textbook is intended for ethics courses in engineering and science. It can be used either in a one-credit-hour semester course or as a set of drop-in modules in a core engineering or science course. The text avoids a detailed treatment of the ins and outs of philosophical ethics -- a complex subject not needed for most ethical judgments.
