Gender history is a sub-field of history and gender studies, which looks at the past from the perspective of gender. It is in many ways, an outgrowth of women's history. The discipline considers in what ways historical events and periodization impact women differently from men. For instance, in an influential article in 1977, "Did Women have a Renaissance?", Joan Kelly questioned whether the notion of a Renaissance was relevant to women. Gender historians are also interested in
