The seventh edition of General Chemistry continues the tradition of presenting only the material that is essential for a one-year general chemistry course. It strikes a balance between theory and application by incorporating real-world examples; helping students visualize the three-dimensional atomic and molecular structures that are the basis of chemical activity; and developing problem-solving and critical thinking skills.

General Chemistry 12th Edition The

This is a wonderful book, and I'm halfway through it. We used it for my Chem 1 and Chem 2 class, and being able to find the book at an affordable price with fast and cheap shipping was a godsend for someone who doesn't get financial aid.
