Big companies sometimes make big mistakes. When American inventor Chester Carlson (1906-1968) approached some of the world's largest corporations with his idea for a photocopying machine, during the 1940s, they simply didn't want to know. They couldn't imagine who would want to make lots of copies of documents. It took Carlson years to turn the idea into one of the most important office ...

What, if any, changes were made last week? And TIFF works fine?? Try this: Turn Off copier at main switch then hold down 1 & 9 while powering up. This will run a scan disk utility, which takes 15-60 minutes depending on the model. You would have to go into service mode to actually format the partitions on the drive for scanning.
