Faust programs may be targeted for many different platforms via what is known as “an architecture”. Internally the script `faust2sam` calls the Faust compiler using an architecture that is specific to the SHARC Audio Module platform. When an algorithm is compiled using `faust2sam`, three C++ source code files are generated for the SHARC Audio Module platform.

The impact of Faust cannot be overstated; their debut album was truly a revolutionary step forward in the progress of "rock music". It was pressed on clear vinyl, packaged in a clear sleeve, with a clear plastic lyric insert. The black X-ray of a fist on the cover graphically illustrates the hard core music contained in the grooves, an amalgamation of electronics, rock, tape edits, acoustic ...
