Health Economics and Financing by Thomas E. Getzen
Getzen's 5th edition of Health Economics and Financing is a primer for the economic analysis of medical markets that engages the central economic issues of the health economics and financing field. It provides principles and concepts of health economics rather and limited research methods, use of attribution, footnotes and references.

Health Economics and Financing: 9781118184905: Medicine ...
However, Getzen makes health (and general) economics and finance more interesting to learn and study. I really appreciate the relaxed tone of the text, and Getzen's way of introducing the unfamiliar with the familiar or tying new concepts with ones the reader already understands. The summaries at the ends of each chapter are very useful.
