There are other reasons publishers may choose to make a book free, such as for a promotion or because the author/publisher just wants to get the information in front of an audience. Here's how to find free books (both public domain and otherwise) through Google Books.

Good to Great

Some of the factors that did not, surprisingly, affect good-to-great transitions include charismatic leaders, executive compensation, advanced technology, and long-term strategic planning. Additionally, none of the good-to-great companies had major launches or tag lines to announce the transformations that eventually led them to greatness.

Good to Great | PDF Book Summary | By Jim Collins

The book is really a research project led by Collins as a follow-up to his book Built to Last: Successful Habits of Visionary Companies.He researched hundreds of companies to identify sets of “good” companies where one became “great” while a ...

Good To Great

Good to Great: Why Some Companies Make the Leap... and Others Don't is a management book by Jim C. Collins that describes how companies transition from being good companies to great companies, and how most companies fail to make the transition. The book was a bestseller, selling four million copies and going far beyond the traditional audience of business books.

Good to Great - Wikipedia

Good is the Enemy of Great. The book is about being great, not merely good. Good is the enemy of great. Many people and companies settle for good because it's easier. Many companies don't even try to be great. There're not striving to be the best in the industry. This opens the door to competitors.

Book Summary: Good to Great by Jim Collins.

GOOD TO GREAT This book addresses a single question: can a good company become a great company, and if so, how? Based on a five-year research project comparing companies that made the leap to those that did not, Good to Great shows that greatness is not primarily a function of circumstance but largely a matter of conscious choice, and discipline.. This book discusses concepts like Level 5 ...

Good to Great Quotes by James C. Collins

From the author of Built to Last, Good to Great outlines a model for turning a good, average or even mediocre company into a great one. The book includes a useful model which brings all the theory together in a meaningful and memorable way. By bringing together disciplined people, using disciplined thought and disciplined action companies can build up and break through the barriers that hold ...

Jim Collins: Good to Great in 10 Steps | Inc.com

Good to Great Key Takeaway #1: High-profile, celebrity CEOs brought in from the outside to whip a company into shape actually hurt a company's ability to transition from good to great. Good to Great Key Takeaway #2: “Strategy”—that is, the formulation of a long-term plan of any kind—didn't correlate with good-to-great.

Books - Jim Collins - Good to Great

Like great thinkers, who take complexities and boil them down into simple, yet profound, ideas (Adam Smith and the invisible hand, Darwin and evolution), leaders of good-to-great companies develop a Hedgehog Concept that is simple but that reflects penetrating insight and deep understanding.

Good To Great : Jim Collins : 9780712676090

Good To Great is the book that answers the question the previous one raises: How do you become great in the first place? Analyzing 28 companies in 3 categories – good-to-great, direct comparison and unsustained comparison – over the span of 30 years, Jim and his team looked at which companies went from average or sub-par stock market performance to outperforming the stock market by a ...

Good To Great

The primary selection process consisted of baselining the 'good to great' companies at three times the market for fifteen years including 15 years of good performance (1.25 time the general stock market) preceding the transition while the company had to be an established, on going company, not a startup.

Good to Great: Why Some Companies Make the Leap... and ...

Good to Great achieves a rare distinction: a management book full of vital ideas that reads as well as a fast-paced novel. It is widely regarded as one of the most important business books ever written.

Jim Collins - Articles - Good to Great

“The good-to-great companies made a habit of putting their best people on their best opportunities, not their biggest problems. The comparison companies had a penchant for doing just the opposite, failing to grasp the fact that managing your problems can only make you good, whereas building your opportunities is the only way to become great.

7 Lessons from Good to Great - Lean East

Researcher and management guru Jim Collins has authored or co-authored six books, including Good to Great and Built to Last.On his web site there are 48 articles written or co-written by him.
