classic literature that you can read on the computer or on a variety of mobile devices and eBook readers.

Grade 1 • Unit 1 • Scope and Sequence
(Question Sheet 1 U1.docx) The questions, clearly numbered 1 to 4, should target any of the topics covered in the unit. I like that a some questions be a bit more challenging than most of those seen in the unit. Since we are going to do the Round Robin task more than once, I create 2 or more sheets similar to the first one, with other questions.

Place Value ...

In an archery competition, scores for each round are calculated by averaging the distance of 3 arrows from the center of the target. An archer has a mean distance of 1.6 inches and a MAD distance of 1.3 inches in the first round. In the second round, the archer's arrows are farther from the center but are more consistent.
