eNotes.com

Guns, Germs, and Steel: The Fates of Human Societies, Jared Diamond The book attempts to explain why Eurasian and North African civilizations have survived and conquered others, while arguing against the idea that Eurasian hegemony is due to any form of Eurasian intellectual, moral, or inherent genetic superiority.

Citation - Guns, germs, and steel : the fates of human ...

Yet amazingly, Diamond had almost no formal education in history when he began writing *Guns, Germs, and Steel* —at university, his focus was the physiology of the gall bladder. Diamond is a highly educated man, but as far as the fields he discusses in *Guns, Germs, and Steel* are concerned, he's almost entirely self-taught.

A generous reading of *Guns, Germs, and Steel* could even be that ten years after his “Worst Mistake,” Diamond was now carefully considering the different forms of agriculture that had developed from diverse gathering and hunting societies. But *Guns Germs and Steel* is not about nuance or particularity. It is a one-note riff.
