HANDBOOK - ResearchGate

The Oxford Handbook of

Project Management presents

and discusses leading ideas

in the management of

projects. Positioning

project management as a

domain much broader and more

strategic than simply

“execution management”, this

book draws on the insights

of over forty scholars to

chart the development of the

subject over the last fifty

A project management
handbook, as we understand
the term here, is a handbook
describing a specific
project. It is a living
document we create early in
definition phase and update
it regularly throughout the
life cycle of the whole
project, until closing it
when official project
conclusion takes place.
