Hannah Arendt - Wikipedia

A work of striking originality bursting with unexpected insights, The Human Condition is in many respects more relevant now than when it first appeared in 1958. In her study of the state of modern humanity, Hannah Arendt considers humankind from the perspective of the actions of which it is capable. The problems Arendt identified then—diminishing human agency and political freedom, the ...

The Human Condition - Wikipedia
The Human Condition is a work by Hannah Arendt published in 1958.. Hannah Arendt studies the *vita activa* for itself, regardless of the *vita contemplativa*: this leads to re-establish the hierarchy among the various activities of the *vita activa*, and more specifically to reaffirm the priority of the action on the work. This statement of the role of
