development with us, your educational and entertaining super friends. Online videos and tutorials combining technology and art. The Hello World Program

Hands-on Computer Science - The Hello World Program  
Hello World is a simple program that, when run, displays the message: Hello World. Fittingly, the Hello World program has long been the new programmer's induction into a myriad of programming languages. A project at the Association for Computing Machinery (ACM) of Louisiana Tech collected all the Hello World program examples they could find -- and discovered 204.
