any book or topic. In

this case, let's go

with "Alice in

Wonderland" since

it's a well-known

book, and there's

probably a free

eBook or two for

this title. The

original work is in

the public domain,

so most of the

variations are just

with formatting and

included in the

work. However, you

might also run into

several copies for

sale, as reformatting

the print copy into

some work. Some of

your search results

may also be related

works with the same

title.
