Honeywell FocusPRO TH6000 Series Thermostat Operating ...
I have Honeywell FocusPRO® TH6000 Series thermostat. We are in Texas and its very HOT here for few days. It is averaging 100 degrees outside. Thermostat holds the temperature at 70 degree and we can change it but it only increase and do not decrease. So if I want to set it a 60 or 68 I cannot do it because it will not go below 70.
