Gday All, I have recently bought a 1985 75 series tray back, with 3F petrol engine. Whilst I find the performance of the 3F just bearable (its not too bad except for overtaking/highway cruising), the real problem is the fuel consumption - my first long trip used a full tank in approx. 360KM, which is at least \$100 worth of fuel... Now, from what I have read, there are reliability issues ...
