In Search Of Full Episodes, Video & More | HISTORY

In Search of Lost Time –also translated as Remembrance of Things Past–is a novel in seven volumes, written by Marcel Proust. It is considered to be his most prominent work, known both for its length and its theme of involuntary memory, the most famous example being the "episode of the madeleine" which occurs early in the first volume. It gained fame in English in translations by C. K. Scott Moncrieff and Terence Kilmartin as Remembrance of Things Past, but the title In Search of Lost ...

In Search of Lost Time, Volume I: Swann's Way

But the real "problem of time," as it has become known, arose in the 1960s as physicists struggled to combine these two frameworks—each successful at describing its own realm of the universe, either the very tiny or the large. The search for an overarching "theory of everything," a set of rules that governed objects of all sizes, was on.
