In The Trading Pit With

Open outcry is a method of communication between professionals on a stock exchange or futures exchange, typically on a trading floor. It involves shouting and the use of hand signals to transfer information primarily about buy and sell orders. The part of the trading floor where this takes place is called a pit. In an open outcry auction, bids and offers must be made out in the open market ...

Open outcry - Wikipedia

Pit is a fast-paced card game for three to eight players, designed to simulate open outcry bidding for commodities. The game first went on sale in 1904 by the American games company Parker Brothers, having been developed by the clairvoyant Edgar Cayce. The inspirations were the Chicago Board of Trade (known as 'The Pit') and the US Corn Exchange. The game itself was likely based on the very ...
