Indian Linguistics And Information Science

This paper defines the relationship between linguistics and information science in terms of a common interest in natural language. The notion of automated processing of natural language*i.e.*, machine simulation of the language processing activities of a human]provides novel possibilities for interaction between linguists, who have a theoretical interest in such activities, and information ...

Linguistic Society Of India | Home - Latest News:

Linguistics is the scientific study of language. It involves analysing language form, language meaning, and language in context. The earliest activities in the documentation and description of language have been attributed to the 6th-century-BC Indian grammarian Pāṇini who wrote a formal description of the Sanskrit language in his Aṣṭādhyāyī. ...
