\* the popular belief that informal employment is growing throughout the advanced economies \* the myth that this work is undertaken mostly by marginalized groups \* the dominant view that we should replace informal with formal employment through enforcement of regulations.

Informal economy - ilo.org

On the other hand, however, the informal economy is also a destabilizing mechanism to the formal economy. Occurrences such as a tax evasion (often in the form of under-the-table transactions, etc.), poor quality control, and a lack of an institutional framework for these activities act to undermine efforts of the formal economy to ensure a transparent and efficient market for goods and ideas.

Informal employment in advanced economies (eBook, 2006 ...

First, it tackles the popular belief that informal employment is growing throughout the advanced economies. Second it challenges the myth that this work is undertaken mostly by marginalised groups such as the unemployed, poor, ethnic minorities and immigrants and in deprived neighbourhoods.

Informal employment in the advanced economies ...

It is now recognised that informal employment is growing in importance as economies develop. This recognition that informal employment is far from some vestige of a pre-capitalist past that is peripheral and dwindling, but is a strong and growing part of advanced economies, has resulted in recent years in a growing interest in.
