International Economics
Krugman 9th Edition

In the ninth edition of International Economics: Theory & Policy, Krugman et al. has been thoroughly updated in terms of content and extensively revised chapters. These revisions respond both to users' suggestions and to some important developments on the theoretical and practical sides of international economics.

Specifically, while the factor proportions Heckscher-Ohlin theories explain some trade flows between countries, recent research in international economics has placed an increasing emphasis on economies of scale in production and imperfect competition among firms. Chapter 6 presents models of international trade that reflect these developments.
