The politics of welfare - An Introduction to Social Policy

Social work case management is a process of linking clients to services that enhance their functional capacity, from assessment to comprehensive intervention for equitable client care. According to NASW (1984) "Case management is a mechanism for ensuring a comprehensive program that will meet an individual's need for care by coordinating and linking components of a service delivery system."

(PDF) Qualitative Research in Social Work

Social control theory is situated amongst other sociological theories that focus on the role of social and familial bonds as constraints on offending. It is proposed that for young people, a key aspect of social control is found within the family, particularly through interactions with and feelings towards parents.

The Economics of Health

Economics (/ ? i? k ? ? n ? m ? k s, ? ? k ?-/) is the social science that studies how people interact with value; in particular, the production, distribution, and consumption of goods and services..
