The main Iron Age tribes in Southern Britain. The names of the Celtic Iron Age tribes in Britain were recorded by Roman and Greek historians and geographers, especially Ptolemy. Information from the distribution of Celtic coins has also shed light on the extents of the territories of the various groups that occupied the island.

Iron-age Societies: From Tribe to State in Northern Europe ...

iron age social organization The Iron Age in temperate Europe, inland from the Mediterranean basin, lasted for some eight hundred years. Its start is marked by the local adoption of iron to manufacture edge tools, such as axes and swords; there may have been contemporary social changes related to the near collapse of exchange patterns provoked by the declining importance of tin and copper.
