Key Cards GCSE AQA Chemistry Revision App

lack of diagrams (essential for organic chemistry!!) outright mistakes; incompleteness; lack of focus; The lack of good diagrams was a biggie! I couldn't imagine using flash cards to study organic chemistry that only present a word and a definition. Organic Chemistry is visual! How on earth do you learn reaction mechanisms that way?

It In The Cards Chemistry Lab Answers

It's in the Cards – A Chemistry Activity PROCEDURE 1. Each group will be given an envelope that contains 18 cards. Do not look at the cards until instructed to do so. When directed by your teacher, remove six cards at random and place them on the lab table in a logical order.
