iTag ID System

Su Amazon questo iTag portachiavi bluetooth si trova a circa 10 € e forse per quella cifra non lo consiglierai. Soprattutto visti i non indifferenti problemi dell'app. Su altri siti, per esempio Tinydeal, si trova lo stesso dispositivo a poco meno di 2€ ed a questa cifra potrebbe essere un acquisto azzardato ma non del tutto ingiustificato.

iTag for iOS - Free download and software reviews - CNET ...

iTag writes all metadata to the individual media files however it also maintains an internal index to enable fast searching. The index is automatically updated whenever a file is changed from within iTag however if you are in a corporate environment with multiple users tagging and searching then it becomes a problem when the individual indexes on the different PC's become out of date.
