Jackson Racing - Talon Turbo

The Jackson Racing Supercharger is also easier to install, especially on Mazda Miatas. Although the installation process requires different specifications, if strictly adhered to, there will not be a problem with tuning and horsepower generation for the supercharger.

JACKSON RACING SUPERCHARGER MIATA TUNING

Integra GSR can deliver over 200 wheel horsepower with this Jackson Racing supercharger setup. The easiest way to add large amounts of power to your Acura Integra GSR is forced induction and while there are turbo kits, the Jackson Racing supercharger is a bit simpler to install. This blower setup generally lifts the wheel horsepower figure from roughly 150 to up over 200 without a ton of other ...
