Description Covering both surgical and anesthetic considerations, Anesthesiologist's Manual of Surgical Procedures, Sixth Edition, is an essential resource for formulation of an anesthetic plan and perioperative management of patients.

Anesthesiologist's Manual of Surgical Procedures ...
Jaffe's is a good book for clinical practice. As most books, and maybe in this case even more than most books, it's a bit flawed by each chapter author's personal preference, rather than science based reasoning. But then again, that's what this book is all about. To give you one way of attacking a specific surgical procedure.
