learning) Java from a standard textbook and who wants to know the language in more detail.

***Java precisely (eBook, 2016)
[WorldCat.org]***

Java Precisely provides a concise reference for the Java programming language and some of its essential libraries. The book covers Java 2, versions 1.3 and 1.4. It is intended both for students learning Java and for more experienced Java programmers. Though written informally, it describes the language in detail and provides many examples.
