Journal of Midwifery & Women's Health
This book, as the title indicates, is the day to day journal of a nurse now undergoing training to become a midwife. It follows both the practical work, such as trying to get the required number of deliveries, and the academic challenges of essay deadlines and exams, to say nothing of fitting in family life with two school age children.

(PDF) Student midwives' views of caseloading: The BUMP study
I'm Charlotte - I created Midwifery Revision in 2019 when I realised there was a distinct lack of uni-related information online for student midwives. My mission is to make study resources that help student midwives learn their theory content in half the time so they can feel confident and capable at uni and still have time to have a life outside of it!
