IJCSSE | International Journal of Computer Science and ...

International Journal of Computer Technology and Applications, is an open access international journal peer reviewed online journal. Our Journal publishes from India, IJCTA is an international forum for scientists and engineers in all aspects of computer science and technology to publish high quality and refereed papers. The papers for publication in IJCTA are selected through rigorous peer ...

Information and Software Technology - Journal - Elsevier

The Journal of Systems and Software publishes papers covering all aspects of software engineering. All articles should provide evidence to support their claims, e.g. through empirical studies, simulation, formal proofs or other types of validation. Topics of interest include, but are not limited to:

Journal of Systems and Information Technology | Emerald ...

International Journal of Computer and Information Technology (IJCIT) is an international scholarly open access, peer reviewed bi-monthly journal. The journal aims at providing a platform and encourages emerging scholars and academicians globally to share their professional and academic knowledge in the fields of computer science, engineering, technology and related disciplines.

Journal of Algorithms & Computational Technology: SAGE ...

International Journal of Information Technology and Electrical Engineering: The ITEE (ISSN:2306-708X) is an international scholarly peer reviewed bi-monthly open access journal. This Journal is launched to promote and publish original high quality research papers with theoretical and scientific aspects in all disciplines of Information Technology and Electrical Engineering.

Information and Software Technology - SCImago Journal Rank

The Journal of Software: Evolution and Process is an archival journal that publishes high quality, state-of-the-art research and practice papers dealing with the conception, development, testing, management, quality, maintenance, and evolution of software, systems, and services, as well as the continuous improvement of processes and capabilities surrounding them.

Journal of Computer Science and Technology

The International Journal of Computer Science and Software Engineering (IJCSSE) published since 2014 (E-ISSN 2409-4285) is an International refereed research publishing journal with a focused aim on promoting and publishing original high quality research dealing with theoretical and scientific aspects in all disciplines of Computer Science and Software Engineering.

Information and Software Technology - ResearchGate

Journal of Information Technology and Software Engineering publishes the current trending research works done in Information technology to store, retrieve, transmit and data manipulation, communications technology, software development, application engineering, etc.
