NYU

In intellectual histories of cultural studies, the year 1956 usually figures as a 'big bang' moment. Centered on the geopolitical flashpoints of the Hungarian Revolution and the Suez Crisis, it was the year that catalyzed the British new left, and thus, the story goes, provided a new front of political critique that would serve as the jumping ...

Journals - New York University

Cultural Studies is an international journal which explores the relation between cultural practices, everyday life, material, economic, political, geographical and historical contexts. It fosters more open analytic, critical and political conversations by encouraging people to push the dialogue into fresh, uncharted territory.

Marita Sturken | NYU Steinhardt

Through reading, writing, and discussion, students will grapple with cultural issues and debates that go back half a century—debates about the nature of art and criticism, technology and mass media, high culture versus mass culture, art and politics, and social groups and cultural difference.
