Question about KIB systems monitor - iRV2 Forums
This monitor package was written by me, Ed Sutter, and in many places both in this text and in the MicroMonitor source code itself there are references to the fact that I was the originator. While it is still reasonable for me claim to have written the bulk of the code, there have been several contributors to the package over the years.

MicroMonitor User's Manual - umonhw.com
The holding tank lights on my KIB Systems Monitor appears to be working incorrectly. When I drained my two holding tanks they both read half full even though I knew the tanks were empty. This is a 97 Jayco Class C with four lights for the fresh, grey and black tanks. The fresh never reads full and the holding tanks are at half full when empty.

Owner ' s Manual - Forest River
So I called Terry at KIB Enterprises (KIB Enterprises - Excellence in Electronics) and we went through all the steps to eliminate the MicroMonitor and its components one more time. ... If there is no current path to ground the OPAMPS in the monitor circuit board do not fire to turn on the 1/3, 2/3, FULL LEDs.
