### New Course: Basic Computer Skills

A basic laptop is essentially a laptop that doesn't convert into a tablet, isn't ultra-thin and powerful like an ultrabook, and doesn't have features specifically for gaming. Of course, just because basic laptops don't offer any fancy features, that doesn't mean that they're not worth buying.

### How to Set Up Your New Laptop Like a Pro: Out of the Box Tips

Place the bottom part of the laptop on the table/desk you are sitting in front of. They're called "laptops" because they can go on your lap, but that doesn't mean that it's always the best or right place. Try to find a comfortable angle for your wrists and hands - this might mean moving the laptop around until you find the best position for you.
