the law of war or the law of armed conflict. International humanitarian law is part of international law, which is the body of rules governing relations between States. International law is contained in agreements between States – treaties or conventions –, in customary rules, which consist of State practise considered by them

International humanitarian law - Wikipedia

International Humanitarian Law, based on the concepts of jus ad bello, is defined to be the law of war. This means that the laws involved are meant to be active in a situation of an armed conflict or during war. However, just like international law, international humanitarian law requires the political will of states for a situation to be considered as an armed conflict, so that the law can be ...

Defining Armed Conflict in International Humanitarian Law ...

International humanitarian law (IHL), also known as the laws of war or the law of armed conflict, is the legal framework applicable to situations of armed conflict and occupation. As a set of rules and principles it aims, for humanitarian reasons, to limit the effects of armed conflict. Fundamental to IHL are the following two principles:
