Lean UX, as described by Jeff Gothelf and Josh Seiden (Lean UX – Designing Great Products with Agile Teams, 2nd edition, 2016) is the evolution of product design and team collaboration. It takes the best parts of the designer's toolkit, combines that with Agile software development and Lean Startup thinking, and makes all of this available to the entire product team.

Lean UX, 2nd Edition - O'Reilly Media

Lean UX □ What is It? Lean UX is focused on the experience under design and is less focused on deliverables than traditional UX. It requires a greater level of collaboration with the entire team. The core objective is to focus on obtaining feedback as early as possible so that it can be used to make quick decisions.
