Learning From The Voices In My Head: TED Book by Eleanor ...

I was labelled with schizophrenia. I blamed the voices for my plight, voices discussing me and, voices commanding me to do idiot things. To secure my release from the terrible locked hospital that held me for so many months, I had to move from blaming voices to accepting them, and acceptance to concealment.

Learning From The Voices In

Part personal memoir and part medical argument, Learning from the Voices in My Head challenges society's definition of crazy. Longden calls for a new, nuanced understanding of voice hearing and urges us to see madness not as a condition, but as a process — one through which those who struggle with mental health issues have the chance to emerge with their sanity intact.

E-Learning Voices – It's who we are. It's what we do.

The voices in my head. That was until the voices in her head started talking. Initially innocuous internal narrators became increasingly antagonistic and dictatorial, turning her life into a living nightmare. Diagnosed with schizophrenia, hospitalized, drugged, Longden was discarded by a system that didn't know how to help her.
