For on-campus students, your attendance at lectures with guest speakers is expected! You will get 0.5% per speaker (1.5% total) for attending. Since SCPD students can't (easily) attend classes, they can instead get 0.83% per speaker (2.5% total) by writing a 'reaction paragraph' based on listening to the talk; details will be provided.

Lectures - Deep Learning

The lectures for the Spring 2020 version of Stanford University's course CS193p (Developing Applications for iOS using SwiftUI) were delivered to our students in an on-line fashion due to the novel coronavirus outbreak. Stanford has made these lecture videos available by posting them on its YouTube channel (links below).

Stanford University CS231n, Spring 2017 - YouTube

Stanford University has posted an extensive collection of academic lectures online as part of their Continuing Studies Series. Here is a selection of links to lectures by Leonard Susskind, one of the fathers of String Theory. As I continue watching them, I shall flesh out this and annotate it appropriately.
