The 10 levers of organisational excellence | Smart Insights

The design of an organization--the accountability system that defines roles, rights, and responsibilities throughout the firm--has a direct impact on the performance of every employee. Yet, few leaders devote focused attention to how this design is chosen, implemented, and adjusted over time. Robert Simons argues that by viewing design as a powerful and proactive management lever--rather than an inevitable outcome of corporate evolution--leaders can maximize productivity across every level of the organization. Levers of Organization Design presents a new design theory based on four key yet often underrated categories: customer ...

A New Approach to Organization Design

How Culture Really Works: Levers for Change. By Robert Cooke, Ph.D. Dec 11, 2015. Given that organization development consultants are fundamentally agents of change, it's no surprise that many of the questions they ask us about our culture and climate surveys focus on levers for change. Most recently, an attendee at the 1 st Annual Ultimate Culture Conference submitted a note card asking...
