***Volume is a very good example of something every designer (and developer) has to care about and spend a great deal of time on, but that most game players probably never think twice about. A mechanic has so many cards because, well, that's how many cards the designer made. As today's article tries to show you, it's much more complicated than it ...***

***The Magi: The Labyrinth of Magic manga is quite an interesting concept. Essentially, it is a mish-mash of different “Arabian Nights” style stories. Djinnns, Aladdin, Alibaba, so on, are all in the same world and time period in this setting. At first, we are given a whimsical adventure, but things become quite epic in short order.***
