Make It Stick: Six Tips for Students. The most effective learning strategies are not necessarily intuitive. Several years ago, the three of us embarked on a book project to explain how learning and memory work. Two of us, Roddy Roediger and Mark McDaniel, are cognitive scientists who have dedicated our careers to the study of learning and memory.

Make It Stick — Peter C. Brown, Henry L. Roediger III ...

Finally, Chapter 8 (Make it Stick) summarises a practical, new approach to learning. It recommends combining three main strategies in your studies: Active retrieval; Spaced repetition; and; Interleaving. For active retrieval, don't blindly re-read or repeat and hope to learn by osmosis. Instead, self-test as you learn, paying close

attention to key ideas and new terms and their relationship with other ideas in the field.
