Math Trailblazers - KendallHunt
The instructional materials reviewed for Grade 5 do not meet the expectations for alignment to the CCSSM. The materials failed to meet the criteria of gateway 1, where they were reviewed for focus on the major work of the grade and for coherence. The materials assess above Grade 5 standards in a way that negatively impacts the structure of the materials and do not allocate a large percentage ...

Constance Kamii and constructivist curricula such as Kendall/Hunt's Math Trailblazers have sent a clear message to teachers that the logic of our standard written procedures is too much for Second Grade children.

Math trailblazers (2003 edition) | Open Library

Math Trailblazers is built upon the tenet that children develop knowledge of math concepts through their interactions with people and things. Mathematical concepts are developed through play, the solving of realistic problems, open-ended activities and a variety of story situations and representations.

Professional Development | Math Trailblazers

They explore both mental math and paper-and-pencil methods, solving problems that require exact answers as well as those where estimation is appropriate. Students use computational strategies to develop formulas for finding the area of rectangle and triangles, and the volume of rectangular prisms.

Math Trailblazers

Students extend their understanding of the unit of 10 and of the base-ten number system to develop place-value concepts. They

Download Ebook Math Trailblazers

use these place-value concepts and the properties of addition and subtraction to develop mental math strategies, conceptual models, and standard algorithms for multidigit addition and subtraction.

Math Trailblazers | Flourish
Math Trailblazers also integrates mathematics and science with language arts. Part of our curriculum is something we call the Adventure Book, stories in which mathematics is used in a real-world context, but one that we cannot create for children in the classroom.
