The key to understanding these and many other aspects of your aircraft is studying the schematic drawings for the various aircraft systems. That may sound a little bit dry, but to help you out I have included a Schematics section in the DC-9 Classic Flight Center that gives you live interactive schematic drawings.

MD-80 Maintenance Manual - Everts Air

MD-90 • Pitch control (elevators) - Longitudinal control is provided by two elevators attached to the horizontal stabilizer. Elevator control, for all normal flying, is hydraulically powered by both hydraulic systems, with manual operation (non-powered) capability. Elevator hydraulic control is accomplished through the ACU.
