FourStroke 75-150hp | Mercury Marine

Mercury's new 150 FourStroke is an outboard for the times, designed to be affordable, rugged, durable and especially adaptable for repowering. This 3.0-liter, four-cylinder outboard offers more displacement than any other 150, and at 455 pounds (in 20-inch shaft length) it's the lightest four-stroke 150 by at least 19 pounds.

Mercury 150 Efi 4 Stroke

Embrace Possibility. Mercury FourStroke outboard motors are incredibly powerful and efficient, and they feature a wide range of applications. Crafted for less weight and high displacement, they generate abundant torque and immediate power. And because they don't have to work as hard as heavier engines or those with lower displacement, they make boats plane faster and accelerate better.

The 150-Horsepower EFI Four-Stroke features Mercury's standard three-year limited, non-declining warranty and will be eligible for promotional warranties. If I follow through with my plans and pick up a used 20-footer to prowl the bay, inlet and beach areas, this new Merc 150 Four-Stroke is on my radar screen as the preferred repower of choice.

New 2020 MERCURY 150 HP 4-Stroke, Kilmarnock, Va - 22482 ...

Bought this new in 2013 to replace an old carby Merc 150 hp on a Haines cannot compare the two in any way at all, lots more power than the old school outboards. Lots of power from down low, much stronger top end power than a 4 stroke better on fuel but not super economical, but for the price I don't care Great outboard for skiing ect

Mercury 150 Four-Stroke Outboard Review - boats.com

The MERCURY 150 FourStroke EFI, cited by judges for its light weight, fuel efficiency and performance, is the ultimate 150 hp EFI outboard engine for offshore and inshore boats. "Mercury found a way to trim 11 kgs off their new 150 FourStroke, while helping to satisfy the growing need for superb fuel efficiency and performance," said IBEX

Boat & Motor Reviews | MERCURY 150 HP OUTBOARD MOTOR - The ...

In design specifics, the Mercury 150hp is an in-line four-cylinder engine with a single overhead camshaft arrangement with eight valves. The Mercury has a bore and stroke of 102mm x 92mm and a low gear ratio of 1.92:1. Multi-port EFI provides a very efficient fuel delivery, ensuring it has excellent economy throughout the rev range.

150 hp Mercury EFI vs the Optimax - In-Depth Outdoors

The Mercury 150-hp FourStroke outboard has the low-end torque of a two-stroke and the fuel-efficiency that made four-strokes popular. It is the lightest outboard in class at just 455 lbs. (206.8 kgs.) With this model, Mercury Marine moved heaven and earth to make her durable in saltwater...or anywhere else.
