Metaphysics

Metaphysics is the branch of philosophy that examines the fundamental nature of reality, including the relationship between mind and matter, between substance and attribute, and between potentiality and actuality. The word "metaphysics" comes from two Greek words that, together, literally mean "after or behind or among [the study of] the natural".

Metaphysics

In Western philosophy, metaphysics has become the study of the fundamental nature of all reality — what is it, why is it, and how are we can understand it.Some treat metaphysics as the study of "higher" reality or the "invisible" nature behind everything, but instead, it's the study of all of reality, visible and invisible.
