H-Net Reviews

Modernism and Nation Building begins with an account of the legacy of the Ottoman revivalist 'national' style that preceded modernism in Turkish architecture. Chapter locates an incipient modern (and not yet modernist) perspective in this legacy. In making issues of style and representation central concerns of architecture,

Modernism and Nation Building: Turkish Architectural ...

In *Modernism and Nation Building*, Sibel Bozdoğan argues that the book's two eponymous concepts were intricately tied together during the end of the Ottoman Empire and the first decade and a half of Republican Turkey. Noting that Turkish architects adopted modernism because of its rational and functional aspects, the author highlights their drive to eschew the style's international connotations and attempts to "nationalize" its form.

Nation-Building in Modern Turkey: The 'People's Houses' ...

The project of nation building in Turkey involved the creation of a new, modern society at the level of "contemporary civilization". Bozdoğan traces a number of different articulations of the axial imperatives to be simultaneously modern and national in the architectural grammar of the early Republic. Her chapter titled " Milli Mimari

Review: Modernism and Nation Building: Turkish ...

In *Modernism and Nation Building*, Sibel Bozdoğan traces the active role played by state-employed Ottoman and Turkish architects in this process as they literally "built the nation." By bringing together rich historical and archival resources—from architectural styles of buildings to curricula of architecture schools, and from ceremonial building competitions to popular magazines—the author presents an innovative approach to the social, cultural, and political relevance of ...

Sibel Bozdoğan. Modernism and Nation Building: Turkish ...

Modernism and Nation Building: Turkish Architectural Culture in the Early Republic is an important contribution to the study of Turkish architecture at the turn of the twentieth century. In it Sibel Bozdoğan has provided an alternate trajectory for the production of modernity within and outside the usual parameters of European and North American architectural culture.
