Spanning most of the twentieth century, the Morris Lapidus Papers comprise biographical material, correspondence, architectural work, writings and memorabilia of the Russian-born American architect, as well as a limited number of presentation drawings for several of his major projects. Documenting the development of Lapidus' philosophy of the "architecture of joy", the collection illuminates the career of this designer of retail stores, hotels and apartments.

Morris Lapidus The Architecture Of

Morris Lapidus was an architect, primarily known for his Neo-baroque "Miami Modern" hotels constructed in the 1950s and 60s, which have since come to define that era's resort-hotel style, synonymous with Miami and Miami Beach. A Jewish Ukrainian immigrant based in New York, Lapidus designed over 1,000 buildings during a career spanning more than 50 years, much of it spent as an outsider to the American architectural establishment.

Miami Beach History Morris Lapidus Biography. His self-described architecture of the American Dream, flamboyant in the extreme and expressive of the heights of 50s and 60s exuberance, was reviled in its day. Critics called his Miami Beach hotels boarding house baroque, the epitome of the apogee, emblems of tail-fin chic,...

Morris Lapidus | Landscape Architecture Magazine

Miami Modernist architecture, or MiMo, is a regional style of architecture that developed in South Florida during the post-war period. The style was internationally recognized as a regionalist response to the International Style. It can be seen in most of the larger Miami and Miami Beach resorts built after the Great Depression. Because MiMo styling was a not just a response to international architectural movements but also to client demands, themes of glamour, fun, and material excess were ...

Miami Modern architecture - Wikipedia

Morris Lapidus. After earning an architectural degree, he worked in New York architectural firms from 1928 to 1942. In 1942 Lapidus moved to Miami Beach, where he ran his own firm until 1986. He designed numerous buildings there in the Art Deco style, including the Fontainebleau and Eden Roc hotels.

Morris Lapidus - The Economist

In his autobiography, An Architecture of Joy, Morris Lapidus describes how he developed the design for his second Miami Beach hotel, the Eden Roc, in 1955. Since Lapidus and his client, Harry Mufson, had both worked previously with the developer Ben Novack (now their competitor) on the Fontainebleau Hotel next door, the style of that hotel—something referred to by its client as "modern French provincial"—was definitely out.
